THE HIDDEN HAND OF JUDAH.

Jews Refuse to Hand Out Raymond J. Healey.

The case of Raymond J. Healey was proof for many Americans of the existence of an invisible Super-Government, whose hidden hand reaches out manipulating the strings behind the scenes, strangling those whose actions are counter to the wishes of Judah.

Healey's case was to be appealed in Special Session Court yesterday, July 15th, but since his case was listed as the 114th, near the very end of the list, Healey's attorney was unable to hand in the papers asking for a new trial. According to the usual court procedure, the case should have been one of the first to be called today. But instead it was listed even further at the end, namely as the 170th case.

We have met these curious "coincidences" before and know who may claim credit for them. The Jew's hidden hand is everywhere, shifting and controlling events to shape themselves according to the desire of the Jews.

This time it is the Jew Brodsky who is on trial for sentencing Healey illegally. The judicial right of Jewish judges may be greatly questioned by Americans who have learned that these judges use American Courts, and are paid American money to protect Jewish gangsters and send innocent Americans to jail. But because this is so, Healey must again pay the penalty, being refused release.

THE SOVIET PACT.

The Soviet-United States Trade Pact is a slap in the face of the American people that should make them burn with shame. It is a blooming testimony of the fine statesmanship of our Washington palamentarians, who have been too weak and cowardly to prevent any of the Roosevelt Jew Deal measures, the recognition of the Jews' Russia and now the signing of a trade pact that is a disgrace to the honor of the American people before the rest of the awakened world!

The question immediately arising is: Are the American people going to tolerate as legitimate a pact signed by neither an American nor a Russian, but BY TWO JEWS, members of that international chicaniering tribe whose ambition is to devour the entire Gentile world?

The 700 Million Dollar debt of Russia to the United States need not worry the Litvinoff (Finkelstein)-Bullitt pack, for as we have previously emphasized, the gold of the world being in the hands of the Jews, it is immaterial which country harbors their gold, the entire world being their home! We'll wager that even the 30 Million which "Russia" has promised to spend in the United States, WILL BE SPENT BY THE U.S.A. EITHER IN RUSSIA OR IN NEW EXPENDITURES FOR RELIEF ETC., DUE TO UNEMPLOYMENT CREATED BY THE FLOOD OF RUSSIAN GOODS ON OUR MARKETS. This at a time when the Jews who rule both Russia and the U.S.A. (still), are continuously inciting the American people to join their boycott against Germany, who has done the world the greatest good by throwing out of their politics these international chiselers.

continued on Page 5.

As an organ serving the nation's greatest cause, to unite the American people of common blood, irrespective of confessional creed, discussion on a general scope of religious questions have found no space within this paper. Yet we are fighting for more than a political achievement, we are fighting for a new world concept which is to be crystallized into a political form, and which requires a new orientation of mind - from the Jewish materialistic to the Nordic idealistic. This world concept is based upon unity of blood - RACE - as the foundation of Nationalism and is diametrically opposed to all concepts or philosophies pregnant with the decay of internationalism. We therefore believe it timely to present to our readers an example of nationalism as opposed to internationalism, with the emphasis that in the following article we do not criticise the religion of the individual Roman Catholic, but we protest, as Nationalists, against the tactics of the Roman Church openly employed to wilfully suppress the awakening of race-consciousness and nationalism.

In England, the canonisation by the Pope of Bishop John Fisher, executed 400 years ago at the command of Henry VIII., was attended with solemn mass demonstrations by the Catholics of Great Britain, and festivals lasting several days in connection with the Eucharistic Congress. These celebrations were continuously interrupted by mass gatherings of Protestants who allegedly attacked the Catholics when marching in processions.

News of these disturbances reached the entire world, also that the hecklers were fined \$50 for the offense. But no definite reason was given in any of our papers, other than the statement that cries of "No Popery" and "Down with the Pope" were hurled at the demonstrating Catholics, alluding that the outbursts of the Protestants were due to unsympathetic attitude toward the Pope. The true reason was withheld.

These stormy outbreaks reached their peak when the British Minister of War, Lord Halifax, held a memorial speech in honor of the canonised saint. The Minister was vehemently interrupted in his speech and denounced for taking part in the celebration, the following words being flung at him:

"You should know, Mr. Minister, that the execution of this Bishop was just and right. He was a traitor. He brought Spanish troops to our British Isles in order to force Catholicity upon our people. It is scandalous for a British Minister of War to uphold the actions of this traitor."

The disturbances finally became so forceful that the Minister was compelled to immediately conclude the speech, and services were begun.

The press refrained from publishing the uncovering of this event in English history as viewed in nationalist light, as it might waken in the soul of the White Man of America the faint memory of the great heritage of his Race. This event so sensationally wrought alive in England recalls other bloody crusades of the Roman Church against peoples of other faiths to spread Catholicism. The most persecuted victims were the peoples of Northern Europe, whose love of freedom of conscience and thought caused them to stubbornly resist the efforts of the Church to force upon them a faith alien to their nature. Thus millions of people of the Nordic Race, in England, France (Huguenots) and Germany particularly, were burned alive or slaughtered for the glory of Rome. As the most malicious plot executed at the behest of Rome, stands out the slaughter of 4500 Germans of Lower Saxony (part of the tribe which had migrated to the British Isles and was known as the Anglo-Saxons), by the Franconian Charlemagne.

Refusing to obey the command of Charlemagne that "Whoever refuses to become a Christian will land on the executioner's block," these noblemen because as leaders they exerted great power over their people and were a hindrance in the conversion of their people, were summoned by the King to a conference for "peaceful" negotiations about their conversion. They came as guests and without weapons. While they slept the armies of Charlemagne secretly overfell them and massacred them.

Similar to the act of John Fisher who brought alien troops of another race to England to convert his own people by means of bloodshed, were the acts of Charlemagne who forced the best of his race to abandon their homeland and settle in foreign countries to destroy their national roots and further aid the internationalism of the Church.

Charlemagne was crowned the first Kaiser of the "Holy Roman Empire of German nationality," by Leo III. in 800, which gave birth to the idea of Imperialism in Germany. He was further honored with the title "the Great," for his services to the Church, and was canonised in 1165.

The reawakening of race-consciousness and the rebirth of nationalism among all races and nationalities teaches us to view these historical facts in a new and entirely different light. A true nationalist can no longer consider these wholesale slaughters which the Church carried out in her struggle for power, as sacrifices to God for the sake of the true religion, but a dark crime upon the God-given life of our people. Today Charlemagne is no longer referred to as "the Great" by the Germans, but as the "Butcher."

The Roman Church is opposed to Nationalism as bitterly as is Judah. The Brooklyn Tablet, an organ of the Catholic Church, of June 1st, referring to Alfred Rosenberg, whose book The Myth of the 20th Century, has been attacked, abused, defamed and distorted in Germany as well as in other countries (although the book is printed only in German), by anonymous Cleriks, quotes: "Since his religion is nationalism, he abhors the internationalism of the Catholic Church."

The Catholic Church cannot accept the doctrine of racial purity, since being based upon internationalism and deeply rooting in the Jewish religion, it holds that all races are equal insofar as they profess the same confessional creed. Thus a marriage between two members of different races of the same religious profession will more readily receive the sanction of the Church than will a marriage of members of the same race who belong to diverse religious creeds. What, in the eyes of God or man can be termed a purer marriage - one where both man and woman are of the same racial stock, which will insure them a more harmonious life and blessings for the community in their children who inherit body and soul from their parents - or a marriage between a Negro and White, who may both be Catholics but whose children are forever brandmarked as a disgrace to both races?

Disraeli, who despite being converted to the Christian religion though proud of his Jewish descent, said: "The first Jesuits and the first Popes were Jews." Ernest Sincere in his Plan of Action* writes: "The Jesuit Order, responsible for so much Catholic mischief throughout the world, was founded by a Jew, Ignatius Loyola. Out of Jesuitry came Adam Weishaupt and his infamous Illuminati, the vast and terrible secret society of Europe founded upon an introvert form of the Jewish Cahilla, which at one time swept millions of Gentile Europeans into its murderous net." There are yet in the modern history of Rome, thousands of converted Jews preaching from the pulpits of the Catholic Church. Rabbis are continuously stationed in the Vatican Library, and as the "Fascist," official organ of the British Imperial Fascists states, the grandmother of the present Pope was a Dutch Jewess named Lippmann.

This explains why the Catholic Church has consistently denounced the law of racial purity as "superstition," and seeks to circumvent the truth of the biological fact. For we know that a Jew, even though converted to another religion, will remain a Jew with the same characteristics outwardly and inwardly of the Jewish RACE. Emin Pascha (Isaac E. Schnitzer), who first became a Christian and later was converted to Islam, wrote: "One thing is certain: that one cannot change it! (Being a Jew.) And should we be baptized anew each Saturday!"

The study of race has ascertained the differences existing among the human races as well as their different values, much as discoveries have been made in the chemical or medical field. And no dogmas of the Church can alter this natural fact. When, for instance, Kopernikus upset the biblical version of a flat earth and a

heaven above, with his discovery that the earth instead was a revolving ball, he was condemned by the Church for his teachings. (Even Luther called him a swindler.) Up to 1827 all books teaching this new solar system were condemned as false and superstitious, and altogether it took the Church 300 years to acknowledge the truth and finally bow to the teachings of Kopernikus.

The Roman Church is the most bitter rival of Judah in contending the international supremacy of world control, but has now joined hands with Judah in fighting Nationalism. Out-standing proofs of this fact are the following recent occurrences:

The La Libre Belge, the foremost newspaper of the Catholic Church in Belgium is urging Catholics to join the Jews in boycotting Germany, to force that country to restore the political power to German Cleriks who were deprived of this power as were the Jews, in accordance with the law that International politics MUST BE KEPT OUT OF NATIONAL POLITICS.

The approach of the Roman Church to the Jewish problem in Poland is certainly the most revolutionary and drastic step yet dared in the fight of the Church to retain her power in world politics. The Athenaem Kaplanske, the organ of the Polish Clergy, advances the idea that the "Syria-Caldaic" branch of the Catholic Church be revived. This would give the Jews an opportunity to embrace Christianity without deserting the Jewish Community, as they would be permitted "to have its own clergy, of Jewish descent, as non-Jewish Catholic clergymen are not able to understand the Jewish nationality....Such a solution, should induce the Jews to flock to Christianity for the embracing of Catholicism would not force them to separate themselves from the Jewish people." This astounding idea of the Catholic Church to not only retain Jewry in the national homes of other people but thereby to ADVANCE THE GROWTH OF THE CHURCH ITSELF AND HEIGHTEN ITS OWN POWER by taking Jews into the Church, is not only for the sake of fooling the nationalities of the world into believing that the Jewish question is a RELIGIOUS question and can best be solved by converting the Jews to Christianity. This was held to be so by many great men who fought the Jews, but experience taught them otherwise. When Charles VIII of France ordered all Jews to become Christians, they did so outwardly, but inwardly they not only remained Jews, but intensified their methods of destroying other nations, as the following famous letter proves:

"Dear beloved brethren in Moses:

We have received your letter in which you tell us of the anxieties and misfortunes which you are enduring. We are pierced by as great pain to hear it as yourselves.

The advice of the Grand Straps and Rabbis is the following:

As for what you say that the King of France obliges you to become Christians: do it, since you cannot do otherwise, but let the law of Moses be kept in your hearts.

As for what you say about the command to despoil you of your goods make your sons merchants, that little by little they may despoil the Christians of theirs.

As for what you say about their attempts on your lives; make your sons doctors and apothecaries, that they may take away Christians' lives.

As for what you say of their destroying your synagogues: make your sons canons and clerics in order that they may destroy their churches.

As for the many other vexations you complain of: arrange that you sons become advocates and lawyers, and see that they always mix themselves up with the affairs of State, in order that by putting Christians under your yoke, you may dominate the world and be avenged on them.

Do not swerve from this order that we give you, because you will find by experience that, humiliated as you are, you will reach the actuality of power."

This letter was the advice of the Elders of Zion to the Jews in France.

The astonishing article in the Polish clerical paper ALSO PROPOSES TO FIGHT ZIONISM. "The reason why only a few Jews embrace Christianity, is not because Jews are anxious to uphold their religion, but because of an hypertropic Jewish nationalism which finds its expression in Zionism. To counteract the influence of Zionism it would be necessary to organize the 'Jewish Christians'." This admission of the existence of "Jewish Nationalism" then is a direct contradiction to the Church's

insistence that belief in the 'laws of racial purity is superstition', as advertised in other parts of the world. We, as nationalists, fervently favor Zionism and believe that the world's greatest burden could be lifted if the Jews would form a nation in a land entirely their own. That the Church opposes Zionism is unimpeachable proof of the fact that she has always furthered the Jewish idea of internatilmism. Furthermore it is proof of the fact that the Church does not fight Bolshevism because it is irreligious, but because the victory of Bolshevism is the victory of Judaism. If the Church's battle upon Bolshevism were due to the atheism of Bolshevism, it would seek to destroy the FATHER OF BOLSHEVISM FIRST, NAMELY JUDAISM. But instead we find that the Church allies herself with the very forces that have financed the atheist Bolshevist movement in Russia and all other countries.

The close collaboration between Rome and Judah can best be witnessed in Austria, Austria is completely under the control of the Cleriks of Rome. For this reason the leaders of the Austrian people are the avowed enemies of National Socialism, and seek by all methods of artifice to prevent the spread of racial awakening in that nation. The viewpoint of the Austrian Government now holds that the Jews are a religious Community only, in other words, the viewpoint the Church is advocating.

In the United States, too, the Catholic movement is gaining strength. Notable is the act of organizing the Catholic War Veterans into a distinct group. THERE OUGHT TO BE NO SPLIT IN THE ORGANIZATION OF FORMER SOLDIERS BECAUSE OF THEIR RELIGION. They have fought together as Americans, not as Protestants or Catholics, and the only bond uniting them that should be recognized is their American nationality founded upon their kinship of blood. Religion can be altered or discarded altogether but no power on earth can change the blood flowing in our veins. The Jews know this and through this knowledge have gained power. The Catholic Church knows it, but through erasing racial consciousness, it has weakened national unity and strength and fostered international ills, thereby gaining political control over nations.

In these perilous times when our nation faces the danger of corroding through the work of her internal enemy, the Jew, it is imperative that the men and women of the White Race forget their religious differences and remember that they are WHITE AMERICANS, who must form a strong bulwark against the onslaught of Jew-Communism!

THE SOVIET PACT (Continued from page 1.)

Why is the press relentlessly and tirelessly stressing the "progressive" government of the new Russia, why is Russia suddenly being regarded as a graduate from human misery to a workers' paradise? Because the JEWS hold the reigns of government and all acts of Jewry are covered by their race-compatriots in their press. This is the reason why the unimaginable misery of the Russian peasants, their untold torture and hunger are not brought to the knowledge of the rest of the world. At present the Jew Bolsheviks of Russia are engaged in ruthlessly exterminating the last few cases of private ownership among poor non-Jewish peasants (Jews only are permitted to own private property and are financed by the government), who have stubbornly refused to give up their patch of land which they love as their rightful heritage from their forefathers and which tradition has ceded to them, even though it meant constant abuse and dire poverty. Many refuse to bow to the command of the Bolsheviks' G.P.U., preferring death to a still harder lot as collective farmer or laborer. Neither the farmer nor the laborer own anything. The house in which they live, the land upon which they labor, even the utensils and tools of the household belong to the "Government." RUSSIAN LABOR IS FORCED LABOR AND ACCORDING TO AMERICAN CUSTOM LAWS GOODS PRODUCED BY FORCED LABOR CANNOT BE IMPORTED INTO THE UNITED STATES. The "Russians" will of course find a way to overrule ANY laws.

Although the percentage of Jews in Russia is acknowledged to be about 3% (even lower than in the United States), one third of the Government officials are Jews. They hold the most important key positions, exactly as do the Roosevelt appointees. If therefore there is a seeming cooperation between the Government of the United

States" and Soviet Russia, it is due to the Jews' cooperation among themselves, under to the slogan of the Israelite Universelle in France that "All Israel vouches for one another."

Most Americans who are still permitting their opinion to be formed by the press, hold yet fast to the thought that our form of Democracy is the most blessed form of Government, not realizing that under the camouflage of a "majority rule" they are really ruled by a secret minority. Yet, assuming that this were not so, WHAT DID THE AMERICAN PEOPLE HAVE TO SAY IN THE CHANGES OF GOVERNMENT RECENTLY FORGED BY ROOSEVELT'S BRAIN TRUST, OR ESPECIALLY OUR RELATIONS WITH JUDAIZED RUSSIA? What moreover, did our "Representatives" who were chosen by the people to represent their will in government, have to say? It is very well for these gentlemen to denounce this or that act of Roosevelt, AFTER the deed is done, BUT DENOUNCEMENTS DO US NO GOOD.

What we urgently need in government today is not fillibustering parliamentary politicians, BUT MEN WHO UNDERSTAND THE SECRET OF THE HIDDEN GOVERNMENT - THE JEWISH QUESTION, and who will not sell their country and its people to the Jews!

THE BRIGHT STAR EINSTEIN!

The venerable Einstein has made a new scientific discovery. "Space is composed of two sheets, and what mankind recognizes as matter is space in a peculiar form," is the newly discovered theory, adding another twinkle to the brightness of this shiny (paper)star.

We have made an interesting discovery ourselves. Namely that this ultra-clever "scientist" has stolen his theories from "Time-Space Potential," by the Swedish American professor Arvid Reuterdaahl, dean of the Faculty of Architecture and Mechanics at St. Thomas' College, St. Paul, Minn., which was published long before Einstein's "Raum-Zeit-Kontinuum," "Raum-Zeit-Koordinaten-Funktionen" and "Raum."

Will some kind reader please inform us in what book Mr. Einstein discovered his new theory of Space? Thank you!

PREPARE FOR THE COMMUNIST UPRISING.

The confidential information published by us last week, revealing a gigantic plot of the Communists to stage a bloody revolt in New York City in October, to loot the City, has caused alarm among New York's population. The news, we wish to assure our readers once more, is from a reliable source and authentic. It is a fact that Communists are well supplied with ammunition not only in New York City but throughout the nation, that on the other hand the armed forces of the Nation are not only without weapons, but that weapons in their possession are outmoded and defective, therefore useless in case of battle with the Communists.

THE COMMUNISTS KNOW THIS ONLY TOO WELL AND ARE PLANNING AN UPRISING BEFORE THE OPPOSING PARTY WILL HAVE HAD A PROPER CHANCE TO PREPARE FOR THE ATTACK!

A reader of this paper, who is well versed in Communist activities has offered some valuable suggestions for self-defense and protection against Communist aggression, which we would ask our readers to study and carry out as best as possible.

It is suggested first, that all readers of the American Bulletin make it their duty to have every Gentile in their house or neighborhood read No. 14, in their presence. This should lead to neighborhood clusters, ward grouping and perhaps nation-wide organization on military lines, if followed, or at least foster a closer bond among tenants of the same house for mutual protection.

Further, every reader is advised to apply for a permit to carry arms. The Police Department cannot deny this request, since it is for the sake of keeping law and order.

Do your share in arousing America to the threatening danger!

COPYING MARX.

General Robert Lee Bullard writing in the New York American, characterises the National Relief System as harmful to the national welfare and used by Communists to

undermine the United States.

We hold that not only do Communists use the Relief System to undermine the government of the United States, but that the Relief System is an institution which under the cloak of "Emergency" is a marvelous method of financing the Communist movement in the United States, and as such a part of the Jews' strategy to launch a Bolshevist government in this country.

That all local or state relief bureaus are under Federal supervision and under control of the masters of this huge plan to undermine social standards in the U.S.A., was best exemplified by recruiting Gen. Hugh S. Johnson as Czar of the New York City relief system. Being despatched here by President Roosevelt himself, means nothing but that Johnson is once more a tool of the Jewish Super-Government comprised chiefly of Baruch-Brandeis-Frankfurter. According to Johnson's own admission, Brandeis was his constant counsellor during the administration of the NRA. The same men are the closes co-operators of the President, and we know who advised the President to send the General to New York City, also the purpose behind the appointment of Johnson. It is the hand of the Jewish Super-Government reaching into the affairs of "red" activities in New York City.

The "Emergency" Relief has come to stay just as long as the Parlor Communists in Washington are permitted to control the affairs of our nation. It is the simplest way for the Communist chiefs to revolutionize the masses. It has been proven that money collected through taxes for the purpose of distributing "relief" has been used for Communist propaganda, spread not only among those drawing relief but also among college and university students. "Relief" further offers a haven to an army of loafers, whom it would serve well to feel the discipline of an orderly State above them and to realize their obligation to their fellow countrymen; it offers protection to all subversive forces and political grafters who can dig deep into the well of money supplied for them through the robbery method of high taxation. All these aid in generally undermining the natural order of society, for Communism gains strength by weakening the moral and physical resistance of a nation, dividing any existing unity and thus rendering it helpless to attack from within and without.

But we condemn the relief system chiefly because of the millions of innocent victims caught in its net, who by this unnatural order of living are gradually robbed of all noble characteristics, which are an asset to a people, by submitting them to the shame of becoming a public ward and depriving them of personal initiative and ambition.

The relief system is actually training our people to become accustomed to Collectivism, since their existence depends upon the mercy of the government.

Gen. Johnson in accepting the post of Works Progress Administrator, admits that as yet no definite plan has been compiled for the investment of the millions of dollars put at his disposal, and we wonder just how much will flow into the coffers of the Communist chiefs to finance their planned revolution?

Directly connected with the relief system to impoverish the masses, is the

MORGENTHAU TAX PLAN.

Whereas the relief system keeps the impoverished masses from grumbling, though taking the last remnant of independence, and stirs up revolution from below, the Morgenthau Tax Plan has been devised to accomplish the same thing from above. THE ENTIRE TAX PLAN IS A METHOD OF GRADUAL CONFISCATION. Taxes have NEVER paid for public debts incurred by racketeering, robbery politicians such as we have today in the Roosevelt administration. High taxes were always inaugurated where a greedy pack of beaurocrats and Jews ruled a nation in order to destroy it and reap the profits. They brought on misery and poverty and often revolution, not as a direct result of the taxes, but as a result of the machinations of the ruling clique, whose raise taxes in order to achieve their sinister ends.

With the present meagre incomes, no one would long remain the owner of private

property except the Jews, who then own the entire nation.

These measures by the Jew Dealers are in exact accordance with the Communist Manifesto, namely:

Abolition of property in land.

A heavy progressive or graduated income tax.

Abolition of all right of inheritance.

Centralization of credit in the hands of the State, by means of a national (Jew) bank with State capital and an exclusive monopoly. (Morgenthau's idea of banking.)

Are further enlightenments needed?

Hundreds of homes which availed themselves of the loan "freely" extended by the government for repairs, etc., have already been confiscated because these loans could not be returned. In the West the farms are already property of the State, i.e. the Jews who have mortgaged them. And still the government sends out friendly invitations to home owners, to avail themselves of these generous loans, WHICH THE GOVERNMENT KNOWS CANNOT BE REPAYED. The government, in other words, is acting exactly as the JEW HAS DONE FOR CENTURIES, namely approach the financially oppressed and offer a helping hand by extending loans at high interest (money which the Jew first accumulated through usury and swindle), that of course the "beneficiary" was unable to repay, and thus turn the property over to the Jew. Thousands have lost their belongings already due to inability to pay taxes, and countless other property would become State-owned through the application of Morgenthau's tax plan.

A CAUSE FOR ANTI-JEWISM.

To many Jews, and hirelings of the Jews, to whom the motives of the growing tide of anti-Jewism in this country are allegedly still something without substantial foundation, the following incident may throw some light on one of the many reasons why the anti-Jewish sentiment is steadfastly rising.

When on Sunday, July 7th, 1935, at 3:45 P.M. at the northend of the free beach at Canarsie, Brooklyn, N.Y., a young man who was seen bathing in the rough sea, drowned and his body was finally recovered by other bathers, and attempts were made to revive him, a crowd of about one hundred people stood around witnessing the respiration trials by two voluntary life guards.

A Jewish ice cream peddler made his appearance howling out in a constant flow his offers of ice cream pops and ice cream bricks. The crowd of bathers watched closely the lifeguards in their attempts of restoring that young man's life while his body was exercised appropriately. A grave silence hovered over the crowd, since the young man's body did not respond to the efforts of the guards, but remained still and lifeless. The watching crowd became more and more aware of the final chapter of the tragedy.

Not so the Jew. "Ice Cream Pops, Ice Cream Bricks, ICE CREAM-A-A-M," his voice shouted, breaking the solemn silence of the crowd. (This free beach is formostly frequented by poor Gentiles of New York. Ed.) Some of the bathers became indignant over the Jew who disregarded the tragic silence of that gathering watching the desperate efforts of the life guards to bring back life into the young man's body, but the Jew's voice rang on, "Ice Cream Pops, Ice Cream Bricks, Ice Cream A M M, I C E C R E E A A M M!" Nobody, however, moved or seemed to care for the confectionered sweets which the Ashkenazim offered. The looks that Jew received from the crowd of Gentiles did not only express anger, but holy wrath! Nevertheless that ugly voice continued: "Ice Cream Pops, Ice Cream Bricks, Ice CREAM A M M..."

The two life guards worked for half an hour over the body of the youth, five minutes each alternatingly, before the ambulance arrived with oxygen. Finally one of the life guards despairingly shook his head while he was kneeling over the motionless body, finally becoming reconciled to the fact that the victim gave no sign of life. The silent audience to the tragedy began to understand the gravity of the minute from the life guard's seriousness. Yet the Jewish peddler continued howling out his "Ice Cream Pops, Ice Cream Bricks, Ice Cream, Ice Cream A A A M," con-

tinuously circling the silent crowd of bathers which witnessed the passing of one of their own (although no one made a notion to buy the Jew's merchandise).

"Choke that Kike with his ice cream," someone in the audience said, but the cries continued notwithstanding: "Ice Cream Pops, Ice Cream Bricks, Ice Cream, Ice CREA A A When the Jew finally was reprimanded by one of the crowd on behalf of his disrespect in the presence of such a tragic incident, the Kike even grew fanatically imputent and reaffirmed himself to the effect that he could do business wherever he liked and whenever it should suit him.

The Talmud explains the situation, for it is stated that the Jews are human beings, but the non-Jews are like beasts.

The Gentile audience, before the life saving apparatus had arrived, reverently bowed their heads in farewell to one of their fellow human beings, but yet the Jew's voice grew louder and louder, since he could not dispose of one single item of his merchandise within that crowd of silent mourners, and his voice screamed on: "Ice Cream Pops, Ice Cream Bricks, I c e C r e E E E A A A M, ICE CREAM!" . . .

Every Gentile who reads the above account will silently recall some instance when he or she had a similar experience in meeting the shamelessness and vulgarity of a Jew. It is indeed, because our nature is so distinctly different from the Jew's that we cannot imagine a human being of being so devilish, that we have fallen prey to the brazen exploitation, the misery and suffering which the Jew has heaped upon us. To understand the actions of the Jew it is absolutely essential for us to not only study the Jew's character by reading his holy books, giving evidence of same, but to bear these things in mind, whether it be in relation to our own individual life or the life of our people!

LEECHES AT WORK.

The German Policlinic on 2nd Avenue, between 7th and 8th Street, has fallen prey to the children of Israel. Founded by the wife of the German-Austrian newspaper man, owner of the Staats-Zeitung, Mathilde Ottendorfer, for over 30 years this medical institution went under the name of "German Policlinic." Its staff however was gradually substituted by Jews, as concerns the medical authorities. This institution was maintained by funds left by Mrs. Mathilde Ottendorfer for the benefit of the poor of New York City.

Being entirely under supervision of Jews, this dispensary station's name has been changed lately into "Stuyvesant Policlinic," the alleged reason for this step being the historical background of this neighborhood of New Amsterdam's first governor, Peter Stuyvesant.

Of more importance, however, is the noteworthy fact how these Jewish doctors do "business" at this policlinic, which avowedly is for the use of New York's poor. Reports are in to the effect that if a person applies for medical help and has been able, somehow, to maintain a decent appearance, he or she is required to give information about the private state of finances. Generally, if the doctor thinks he smells some kind of change in the person's pocket or home, he will suggest that this unnecessary waiting until the person's number is called, can be avoided, if he or she would come for treatment to the private office of the doctor instead to the hospital. As for the charges of the doctor's fee, there surely would be found a way to settle this matter adequately. . .

If then the person decides upon the private treatment for the cure of the existing ills and agrees to go to the private office of the doctor instead of wasting undue long hours at the waiting room of the institution, the patient invariably will notice at the doctor's place the various medicine bottles and boxes containing the medical ingredients, bearing the very labels as that of the dispensary of the Policlinic. The system of dragging clients, much against the will of most patients, who can ill afford doctor's fees, from the free policlinic into the doctor's office, has become more or less a racket. Judaizing the Gentile institutions in such and similar manners has become a daily occurrence in Jewified America, and especially in New York.

When will these leeches be stopped sucking their nourishment from the bodies of the poor Gentiles, who are charged for the treatment in the private offices of the Polyclinic doctors where they did not intend to go, and for which they do not generally have the necessary funds?

OUR INVESTIGATIONS.

The vague results of the investigation into organized vice and crime in New York City by the March Grand Jury, have by this time lost all value in the long drawn-out action of Governor Lehman in appointing Thomas E. Dewey to investigate these conditions.

Although "free rein" and sufficient funds and time are allotted to Mr. Dewey for the purpose, the proceedings will be of little practical value. Other investigations into vice and racketeering, white slavery and drug traffic have been started, with the inevitable result that they have led into channels of Jewish influence, whereupon the investigators suddenly lost trail and the entire matter was hushed up. If any indictments were made, they were brought against persons who were simply the tools in furthering the growth of crime, but the real vice or racket lords went on unmolested and conditions continued uninterrupted as before.

The Kghillah and the Anti-Defamation League, whose object is to prevent Jewish names being linked with criminal activities, will see to it, that the secrets of the power of crime will never be divulged.

This country seems at present to be deluged in a flood of "investigations." The Dewey investigation is estimated to cost approximately 5 to 8 hundred thousand dollars (to start with). What end do they serve but pay the fees of lawyers? INVESTIGATIONS CANNOT STOP CRIME. And neither can crime be fought "scientifically," as Mayor LaGuardia thinks. (What else will these Jews term "scientific?")

Crime will never be wiped out in America until the POLITICAL field is not first thoroughly cleansed, and we have men of hardy, stable character administering government, who are above accepting Judas' fees for protecting criminals.

WHERE TO BUY?

No American should under any circumstances buy merchandise from a Jew, if he can obtain same elsewhere. Slowly the Jew by his dishonest methods of trading is driving the few remaining Gentile merchants and small retailers out of business and taking their places. HELP TO PREVENT THIS. Support wherever and whenever you can, your American Gentile storekeeper. We have on hand a booklet listing a great number of Gentile stores, trading in all conceivable merchandise, which we will be glad to send to you upon request!
